

What is Padlet?

Padlet is like paper for your screen. Start with an empty page and then put whatever you like on it. Upload a video, record an interview, snap a selfie, write your own text posts or upload some documents, and watch your padlet come to life. Once others add to it, the page will update in real time.

- Collaborate better.
- Be more productive.
- Make beautiful boards, documents, and webpages that are easy to read and fun to contribute to.

3. Post
